what can I do?
< Previous potential match (Alice)
< Back to potential matches
<FirstName>'s → if can't be dynamic, "User Profile" for all
or Username?
length limit?
dropdown options?
shown only afterwards if both AM/both PM.
If start AM end PM, then 6 AM - 2 PM format
to maybe easier to just do 24 hr time
eg 05:00 - 14:00
formatting of AM/PM should be
No prev. button (first match)
Both prev + next buttons (all profiles except first/last)
No next button (last match)
show only this button if only 1 match found (no prev/next)
to Alex's expand availability screen
Consider:
Which of these items are required to be filled out?
↳ require bio/study habits?
If bio left empty, show label w/o bio, or don't show bio label at all?
↳ if expand search to those in same program but not same course, remove "courses in common" from this view?
